

Backpack-A03 for Android Rk3399 specifications

Feature:

- * Aluminum alloy fully enclosed shell
- * Dust-proof and good heat dissipation effect
- * Fan-less low power industrial motherboard
- * ARM RK3399 /6-core /64-bit processor
- * Support dual-screen asynchronous display
- * Resolution 4K HD video playback
- * Dual Gigabit Ethernet ports
- * Support dual-band WiFi(2.4GHz/5GHz)
- * Wall-mounted on the back to save space
- * Support OS: Android 7.1/9.0/Ubuntu18.04
- * 2-year warranty

Hardware	Color	Silver
	CPU	RK3399/2.0GHz, 6-core,64 bit processor
	GPU	Mali-T860 GPU
	Memory	DDR3-4G
	Storage	eMMC-32G(Optional:32G/64G/128G)
	Network	2*RJ45,Ethernet 10/100/1000Mbps
		2.4GHz/5GHz dual-band WiFi+Bluetooth 4.2
	Video interface	1*HDMI Support 4K@ 60Hz output
		1*HDMI Support 1920X1080@ 60Hz output
	Audio interface	1*headphone, 1*microphone input
	RTC	External real-time clock powered battery, supports scheduled power on and off
	Infrared	1*Infrared receiver, supports infrared remote control function
	LED	1*power status LED (red)
		1*system LED (green, flashing by default)
Bottom	1*power button, 1*upgrade button	
I/O interface	4*USB-2.0, 2*USB-3.0,2*RS232(RS485),1*TF card slot,1*DC	
Power Adapter	AC input voltage: 100-240 VAC,Input frequency: 50-60 Hz 12V3A,DC diameter: 5.5X2.1mm	
Dimensions	134X127X35(mm)	
Software	Video	Support H.265, H.264, H.263, VP9, WMV, AVS, MPEG and other video formats 1080P/2160P multi-video decoding
	Picture	Supports browsing of various image formats such as JPG, PNG
	Application	Calculator, browser, calendar, settings, clock, video player
	OS Support	Android 7.1/9.0/Ubuntu18.04
Accessories	1*DC adapter,1*DC cable,2*Mount bracket,4*Screws
